Knights of Columbus Essays

III.

Service to others can be very fulfilling. I often find myself helping others without even recognizing its importance. Just this week, I helped my elderly neighbor put fencing up to keep the squirrels out of his peach tree. It wasn't a big deal, a few hours on Sunday, but I know he needed my help. I have also been involved in many different activities and services during the school year. I recently volunteered to refurbish the courtyard and shovel gravel for the garden pathways. Earlier this year, I helped with the weeding of the garden to help keep our outdoor area beautiful. At school, I volunteer as an ambassador. It is our responsibility to help usher and greet people into the church at school masses and give tours to prospective families to provide a welcoming church and school environment. I also volunteer at the St. Paul Youth Ministry and will continue as a small group assistant next year in high school. On weekends, I altar serve every other Sunday mass, which I have been doing for the past two years now. This has taught me that I can love Christ and serve in the small details. My family also attends a Catholic charismatic community for many years, my whole life. I help out with the toddler and elementary kids' activities monthly in this group. My family also has a very large family with lots of kids and I sometimes babysit my younger cousins. I have also helped my family create blessing bags this year to hand out when we see homeless people. It feels good to give to others when I see them in need. Getting this scholarship would help my family a lot in paying for Catholic high school. Thank you for your time and consideration.

IV.

I have involved myself in lots of different activities. For example, I attended the PSIA competition this year. I competed in three different academic areas, and ranked third in Number Sense and sixth in Creative Writing when I went to regionals. In school, I am also an eighth grade representative on the student council. As a member of that group, I help organize and help with school programs and setting up activities throughout the entire school year. This year, it was my first time to play on the co-ed volleyball team at school. We do not have enough boys for a football team at this school, so I joined Mary Immaculate school's group and was named captain of the team. I also played basketball on the YMCA team this year. I still take lessons to try to become better at this skill and you could see me almost daily shooting hoops outside, as it's one of my favorite hobbies. I hope to play football and basketball next year at John Paul II.

Subject: Recommendation letter for 8th grade student scholarship 2023

From: Denise Ardoin <d.ardoin@spsdfw.org>

Date: 4/27/2023, 12:47 PM

To: "mike@koenecke.us" <mike@koenecke.us>

Dear Mr. Koenecke,

I am writing this letter on behalf of [REDACTED] an 8th grade student who joined our SPS family his 7th grade year. I've taught him English for two years and was also his religion teacher last year. He is a diligent student in my class.

He is head altar server and has attended Saint Paul Church Parish Edge during his 7th and 8th grade years. Next year, he does plan to volunteer for this program. He recently made his confirmation, and his family actively attends mass on Sundays. [REDACTED] was always enthusiastic and informative in our theology classes last year.

In addition, [REDACTED] has also maintained A/B honor roll status, served as a school ambassador, and is currently an 8th grade student council representative.

He volunteers in at Feed My Starving Children, located here in Richardson.

[REDACTED] is most looking forward to JPII's rigorous curriculum, new friends, sports, and possibly partaking the Peer Ministry.

Thank you for your time and consideration. Have a beautiful and blessed day.

In Christ,

Denise Ardoin
